DIARY NOTES

DD/S

8 November 1960

1. I met with Emmett Echols and Matt Baird to talk about training for reserve officers. It was agreed that Emmett and Matt would formulate the specific questions which we desire to answer for ourselves within one week. After I have approved these questions they will be referred to the Committee set up in Regulations for study and report back. I will then review their report with them, confer with the Commanding Officers of the reserve units and attempt to formulate a more definite Agency policy for this program. H

2. We conducted a two-and-a-half-hour briefing for [REDACTED] and [REDACTED] in preparation for their examination of the Agency's over-all relationship with the Department of State. This seemed to go very well.

3. I agreed with Jim Garrison that I would inform [REDACTED] confidentially that he would replace [REDACTED] as Chief of the Logistics Planning Staff when Jim departs at the end of the year.

4. I also discussed with Jim Garrison at some length my desires to have [REDACTED] 25X1A9a return from [REDACTED] next summer and become the Deputy Chief of the Office of Logistics. Jim is resisting this; however, I am not sure that he is being too realistic. I have asked him to think the matter over and to confer with me again at an early date.
